

Kia ora e te whānau,

Many thanks for your feedback on our proposed strategic priorities through the recent online survey. The level of feedback and the detail provided in your comments showed that our community is passionate about the future of our college and there were some great suggestions, ideas and recommendations provided. Ngā mihi nui.

The Board, along with Steve, have reviewed every single piece of your feedback and taken onboard all of your comments. Alongside a theme of overriding support for the direction proposed, there were quite a few consistent messages for each of our strategic priorities that we have now incorporated into our planning for the future of the college.

[Here](#) is a summary of the feedback received and the key themes that we have included into our strategic planning.

Over the next couple of months, the Board will work with the college Senior Leadership Team to finalise the strategy for submission to the Ministry of Education and put the action plans in place to make sure that we achieve our goals.

Through this year, we have met as a collective, sought and received feedback from learners, staff and our community, to get to this point. The feedback provided has been instrumental in confirming that we are steering the school in the right direction to meet the community expectations and in providing us with some fantastic recommendations on how to get there.

Thank you to all those who responded.

As a Board, we are very excited about the future of our school.

Ngā mihi mahana,

Ian MacLeod  
Board Chair
