

## Course Outline 2021

Subject: Health Education

Level: Year 10

|  |        |                      |           |
|--|--------|----------------------|-----------|
| Course Code:   | 10HEED | Course Length:       | Full Year |
| Brief Description:   |        |                      |           |
| <p>In Year 10 Health Education learners will explore current health issues faced by teenagers in today's society and explore the impact these issues have on themselves, others, and the wider community. They will develop tools and strategies to be able to face these issues and make informed health enhancing decisions. Parts of this course are learner-directed and they will have a choice in their learning and assessment options.</p> <p>The units that will be covered are:</p> <ul style="list-style-type: none"><li>• Well-Being</li><li>• Drug Education</li><li>• Sexuality Education</li><li>• Health Promotion</li></ul> |        |                      |           |
| Pre-requisites/Co-requisites:  |        |                      |           |
| NIL  |        |                      |           |
| Cost/Equipment:  |        |                      |           |
| \$20. This includes learner workbooks and outside facilitators   |        |                      |           |
| Teacher in Charge of this Course:  |        | Melinda Bayes-Powell |           |

|                           |         |                            |  |  |     |                    |                      |                                |
