

Kia ora whanau

Good news. The Prime Minister has announced that all of New Zealand will be at Covid Alert Level One from midnight tonight.

Being at Alert Level One means that all meetings, activities, assemblies, and events that are on the school calendar can go ahead as planned.

In the next few days we hope to communicate with learners in Year 7 & Year 13 and their whanau about the new arrangements for the camps that had to be postponed.

While this is definitely the decision we were hoping for, we will continue to be careful and ready. We will continue to:

- Wash our hands regularly.
- Sneeze and cough into our elbow.
- Use the Covid QR tracing app.
- Stay home if unwell.

Thanks again for your care and support.

Have a good day.

Ka kite ano

James
