

Morena whānau

We're just touching base to let you know that yesterday, all learners were emailed a copy of 'Learner expectations during lockdown'. We have attached a copy of this document which can also be found on our website, our Facebook and Instagram pages.

In order to reduce Spam attacks, please remind your learner/s to only use their school email address and password for school related websites. We have had a few learners using their school email account and passwords on inappropriate websites and this opens us up to hackers. Whilst we have a good system in place to stop our school from being hacked, we do ask that everybody takes individual responsibility for keeping our school safe online. Learners are not to use their school email address and password on any website that is not school related.

Take care and be safe

Steve McCracken
Principal
