

Getting online at School

To connect to the Whangaparaoa College website

- Go to your settings
- Turn on your wi-fi
- Choose a network – click on WGP Learner
- Enter the Password – **learner123**

Now you are connected to the wi-fi. On a windows device if you select 'Connect automatically' this will ensure your device automatically reconnects to the learner wi-fi every time you come to school.

You are now able to go to www.wgpcollege.school.nz go to the Intranet tab and from there you will be able to access Google Docs, Parent/Learner Login portal, Webmail, How to Print from Your Device, ETV etc.
