

INSTALLING N4L CERTIFICATE Chrome Books

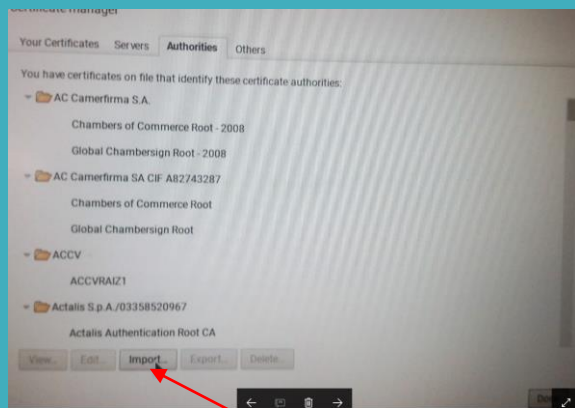

- All WiFi devices need to have the N4L Certificate installed prior to them being able to access any websites.
- Connect to the WGPLearner Wifi
- Go to www.wgpcollege.school.nz
- Enrolments
- BYOD tab
- N4L Certificate

- In your search bar type in chrome://settings/certificates

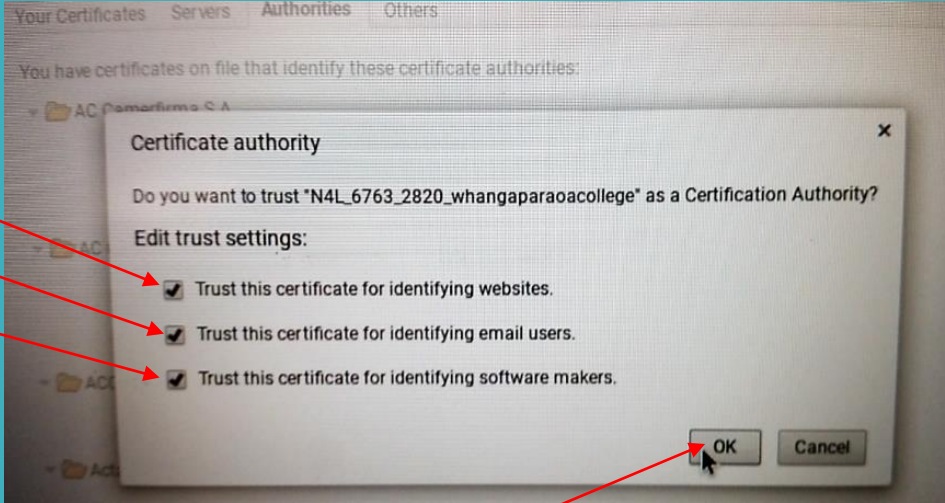

- Click on “Authorities” tab

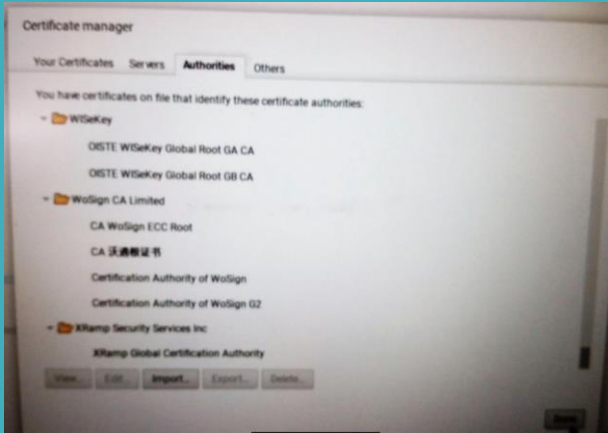

- Click on Import

- Under Edit trust settings, click on all three boxes, trust this...as per picture below.

- Click on ok.

- Click on Done

The certificate has now been installed, to check go to a web browser, www.google.com and do a search, i.e. cats.

If this still does not work, please bring your device to the ICT suite to assist.
